

PEI5PBA RETURN TO PLAY POLICY

Disclaimer

The PEI5PBA are not experts on pandemics and therefore all Federal, Provincial/ Territorial and local government, or Bowling Centre guidelines and directives supersede this policy.

NOTE: This Policy may be adjusted by the PEI5PBA as required.

Protocols

The following protocols have been prepared to facilitate the protection of the health and safety of players, coaches, tournament staff and spectators as well as provide a safe competition environment.

Waivers

All players, coaches and tournament officials must agree to follow all Return to Play protocols and sign the PEI5PBA waiver and release before the start of the season.

Illness

If any player, coach, or tournament official is showing any signs of illness, they should stay at home. If a player becomes ill during the competition, they should leave the bowling center immediately.

Personal Protection Equipment and Practices

All players must wash and sanitize their hands before and after each game. "All bowlers will use their own personal bowling balls only. If any bowler does not have their own personal bowling balls, they will be allowed to select two house balls which they will take with them when moving from one lane to another."

It is highly recommended that spectators wear masks at all times. It is recommended that players not participating also wear a mask.

Playing areas as well as the scoring monitor must be wiped down after every game

The bowling centre will not provide towels. Bowlers using a wet towel must keep it in a zip-loc bag and may NOT share it with other bowlers.

No high 5's, no fist bumps and no shaking of hands before or after each match.

Maintain social distancing from other players during breaks and competition.

Judges of Play to stay 6 feet from players and coaches at all times

Competition

We will be using all lanes, but to maintain social distancing, bowlers should maintain "bowler's etiquette" and step back to the start of the approach, while their opponent delivers their ball.
